

Topex Design

*...a touch of elegance*

PULLS AND KNOBS CATALOG 2016-2017

Topex Design is a leading supplier of European manufactured decorative hardware products. Headquartered in Elmwood park NJ, situated approximately 12 miles from New York City. Topex's cabinet knob and pull designs are produced in Italy and Spain and comply with all laws for the workers and environmental protection. The extreme care used by Topex's suppliers when selecting the materials and the raw materials for production of our handles is a guarantee for reliability and long lasting life.

Topex design manufactures take a preventive estimation of the environmental impact when planning new activities, modifying the existing systems, buying raw materials and machines always conforming with the new law requirements.

When choosing European suppliers we take the maximum amount of care to the management of the environmental impacts created by the production processes in all their stages. All the staff try to achieve an increase sense of responsibility for their own working place and environment. Our efforts are represented by significant actions to optimize the energy consumptions, the waste elimination, the atmosphere emissions, the water discharges and noise pollution.

Reduction of the wastes, long-lasting guaranteed finishes with consequent extension of the product life-cycle, reliable design for application in different environments, non-toxic paints represent just some examples of our extreme efforts and engagement.
